We ask for a credit card up front for any after party reservations. All menu decisions will be agreed upon and confirmed 14 days before your event to ensure time to order any special items from our purveyors. The credit card on file will be used on the evening for payment unless an alternate is provided prior to the event. We understand that often times other people decide to chip in or pay at the last minute and will do our best to be accommodating of that, but may not always be possible. A 20% service charge will be added to the check to be distributed amongst the staff working the event, additional gratuity is always greatly appreciated for a job well done.

We often get asked about closing the pub for private events and are happy to get you a price to do so. If your group is larger than 65 this option is recommended. If your event falls outside normal business hours pricing starts at \$1,500.
